Experience

Senior Software Engineer @ Paramount

Remote, CA (2022-Present)

Full Stack Engineer on the "Site Team" building new features and maintaining the current web version of the Paramount+ main app (php backend and js/etc frontend). More recently we have been working on a full rebuild with micro frontends built with react/next.js.

Web Development Engineer @ Zillow Group

Irvine, CA (2017-2022)

Full Stack Engineer building and maintaining dozens of marketing websites and components for Zillow (Zillow Offers, Premier Agent, Zillow Closing Services, Zillow Home Loans), Trulia, Streeteasy, OutEast and Hotpads on the CMS Team in Growth Engineering here at Zillow Group. Have had a few winning internal "hackweek" projects.

Web Design/Development @ InRGB
(Primarily working with OSHIN Studio's clients)
Long Beach, CA (2014-2017)

I started my own design/dev company in 2008 and have developed websites/apps/interactive experiences for Live Nation, Volcom, Etnies Footwear, Emerica Footwear, Altamont Apparel, Es, Thirty-Two Snowboard Boots, Megaramp, California Skateparks, Fox Racing, TY KU, Botox, Comune Clothing, Ezekiel Clothing, Venue Report, Dark Seas Clothing, Ashbury Eyewear, Brawler LA, Salt Optics, Canyon Ranch Resorts, Spotad, Patient Talk, Americans for Cures, PS Science, Westime Watches, Offabbot LA, NOE Undergarments, Purps, Chia Pod, Green Rush, Uncle Toads Media Group, Baron VR, and many other corporate clients and small businesses over the past decade. The few years since leaving Volcom I primarily worked with Oshin Studio in Los Angeles.

Web Developer @ Volcom
Costa Mesa, CA (2011-2014)

Frontend/backend developer mainly working on a bunch of micro-site initiatives like Swim, Snow, Surf, Skate, Footwear, International.. etc. Built a bunch of high traffic surf webcast sites for the Volcom Pipe Pro and Volcom Fiji Pro and other surf/skate events. Built mobile/iOS surf webcast app for these events. Worked on new magento global site.

Web Developer @ Sole Technology
Lake Forest, CA (2010-2011)

Frontend Designer/Developer for Sole Tech's brands, Emerica, Altamont, etnies, éS, and Thirty-Two. Worked on micro-sites, emerica and altamont redesigns...etc.

Interactive Developer @ inXile Entertainment
Newport Beach, CA (2009-2010)

I re-designed and developed inXile's network of video game sites, flash games, iphone apps and facebook apps. While there I designed and built websites, maintained and updated existing flash games and iphone applications, built a working prototype for a facebook application, created email newsletters, setup an ad server with 3rd party ad networks...etc.

Webmaster @ Greenhouse Rideshop
Norco, CA (2005-2008)

Built GreenhouseRideshop.com in 2005 as an expansion of California Correct Craft's retail proshop and rebranded both identities. Rebuilt CaliforniaCorrectCraft.com and GreenhouseRideshop.com in 2007. Designed and maintained internal and external webpages. Designed Ad campaigns for sites appealing to our target audience. Set up email newsletter. Designed print mailers. Planned promotional Events such as Blacktop Oasis Rail Jam.
